

DRONE WORKSHOP

Now
R4 000

WHAT YOU'LL LEARN

This workshop integrates theoretical insights, practical hands-on training, and advanced techniques across various aspects of drone operations.

- Basic drone operations
- Understanding drone technology
- Flight safety and regulations
- Aerial videography
- Flight simulation
- Operating a drone in confined spaces

- All participants will receive a certificate upon completion
- There is no strict age limit, this workshop is best suited for individuals aged 15 and above due to the technical nature of the content. Younger participants are welcome if accompanied by a guardian.
